State Workers' Voter Registration Tally Released (Preliminary Report)

Personnel Cabinet Secretary Erwin Roberts today released a preliminary report tabulating the party affiliation of state workers.

The report was requested by a member serving on the Blue Ribbon Merit Task Force.

The three files available on the personnel cabinet's website include the Merit System Statistical Report, Employee Statistics for all state employees broken down by county, and Employee Statistics KYTC from the Transportation Cabinet, which gives general findings and methodology. These statistics are also broken down by county.

To obtain the party affiliation report, log onto www.personnel.ky.gov, follow the Merit System Blue Ribbon Task Force link (to the right of the home page) and scroll down to presentations.

The remainder of the data still being processed will include a breakdown of the voting affiliation of state workers throughout all of the cabinets. This information will be distributed when obtained.
